

# ANGELO LONGORIA

arlongoria@outlook.com – 512-289-4058 – Austin, TX – <https://www.angelolongoria.com/>

---

## EDUCATION

### Full Stack Academy

Coding Bootcamp

Dec 2021 – Apr 2022

New York, New York

---

## PROJECTS

**TOMO** React, Javascript, Supabase, PSQL, TailwindCSS, Next.js, Javascript, Node.js

A wellness and habit building full stack application. I collaborated with a group of 4, building this application over the span of one month

**FitBot** Postgresql, Node.js, Javascript, React, Supabase, Prisma, NextAuth, ChakraUI, Next.js

A workout generation application based upon muscle choice. I built this full stack application in one week as a project and testing my limit as an engineer.

**Aniflex** API, Next.js, GraphQL, Swiper.js, React, Javascript

A Netflix clone built with anime. This application is using MyAniList API.

---
